

The **Professional's** Choice

perky[®] spotter plus

Professional Spot and Stain Remover.

Safely removes grease, blood, cosmetics, chocolate and other household stains from carpet, upholstery, and other fabrics.

CAUTION: EYE IRRITANT
See caution on back label.

IRRITANTE PARA LOS OJOS.
Vea las precauciones en la etiqueta posterior.

RTU pH: 9.5

32 FL OZ (1 QT) 946 mL

- "Green" ingredients are safer for the environment than most heavy duty spotters.
- Professional strength version of Perky[®] Spotter
- Works effectively on common food and beverage spots
- Works effectively on many spots like cosmetics, shoe polish, inks, and most greasy soil usually reserved for solvent spotters.

DIRECTIONS

1. Always pretest for colorfastness and fiber distortion in an inconspicuous area. Do not apply to color sensitive fibers, leather, satin, silk, suede, velvet, non-colorfast wool, or any fabric that can be damaged by water based solutions.
2. Remove as much of the spilled material as possible prior to solution application. If particle or powder spill, dry vacuum up. If liquid spill, blot with colorfast, absorbent towel. If sticky material, use spotting spatula or dull knife to remove as much of the material as possible.
3. Apply solution to spot with flip top applicator. Agitate into spot with spotting spatula, tamp area with spotting brush, or blot spot with colorfast absorbent towel. Allow solution to dwell for 2-3 minutes.
4. At a minimum, blot area with clean, white absorbent towel. For best results, extract area and rinse with water. Consider possible negative effects on backing materials such as latex, foam cushions and other stabilizing material.
5. For treatment of upholstery, apply Perky[®] Plus to clean, white colorfast absorbent towel and blot and agitate onto spot or stain. Blot area with the towel and repeat the process if necessary.

INGREDIENT DISCLOSURE:

Water, Propanediol, Dipropylene Glycol Methyl Ether, Dimethyl 2-Methylpentanedioate, Sodium Bicarbonate, Sodium Carbonate, Sodium Lauryl Sulfate, Anionic Copolymer, Lauramine Oxide, Ethoxylated Alcohol, Dimethyl Adipate, Perfluoroalkyl C6-12 Phosphonic Acid, Dodecanol.
