CleanFree is an amazing Carpet & Upholstery Cleaner represents the next generation in extraction cleaning and rinsing solutions. CleanFREE provides soap and detergent free, sudsless cleaning. Its formula contains no volatile organic compounds and is odor free at use dilution, and is formulated to be free-rising from the carpet. CleanFREE Plus will leave no sticky soap or detergent residues that can contribute to rapid re-soiling of the carpet and spotting wick-back. CleanFREE also uses the activating power of carbonation to assist in soil suspension and removal without the use of harsh solvents, bacterial enzymes, and potentially harmful bleaches.

CleanFREE will provide you with excellent cleaning results, even on the dirty and grimy carpets, yet it is still formulated to meet or exceed cleaning requirements for warranted stain resistant carpets and nylon, olefin, polyester, and Triexta carpeting.

It is a versatile cleaning agent also. While it was designed as an extraction rinse for portable and truckmounted extractors, its unique formula makes it also effective as a hot water extraction prespray, spotting agent, and low moisture cleaner in a bonnet cleaning.

DIRECTIONS:

General Usage Considerations

1. As with all cleaning agents, test for colorfastness on textiles in an inconspicuous area prior to using
2. Follow all dilution and application directions precisely for best results

As an Extraction Cleaning Rinse

1. For truckmount cleaning concentrate, mix 3 cups (1.5 pounds) powder with five gallons of hot water. Mix well and set solution flow meter on truckmount between 2 and 4 gph.
2. For portable extractors: Mix 2 - 4 ounces in five gallons of hot water.

As a Carpet Prespray:

1. For heavy soil, mix 3-4 ounces of powder with one gallon of hot water. For moderate to light soil, mix 1 to 2 ounces of powder with one gallon of hot water. For Hydro-Force Sprayer, mix 12 ounces of powder with five quarts of water. Use standard setting of 1:8.

As a Low moisture/bonnet cleaning solution:

1. Mix 4 ounces of powder with five gallons of hot water. Spray bonnet and carpet with mixed solution.
2. Rotate or replace bonnet pad when it becomes heavily soiled.

As a Ready-to-use carpet spotter:

1. Mix 8 ounces of powder with one gallon of hot water.
2. Apply with trigger sprayer or flip top applicator. Saturate spot.
3. Allow to dwell 2 -3 minutes.
4. Blot up with colorfast towel or extract area.

INGREDIENT DISCLOSURE:

Pentasodium Triphosphate, Dipropylene Glycol Butyl Ether, Sodium Carbonate Peroxide, Tetrasodium Etidronate, Sodium Bicarbonate, Sodium Phosphate, Water, Benzotriazol-1-ide.

IMPORTANT NOTICE TO PURCHASER: Seller's and manufacturer's liability for any and all losses or damages resulting from any cause whatsoever shall in no event exceed the purchase price of this product, with respect to which losses or damages are claimed. Before using, the user shall determine the suitability of this product for its intended use, and user assumes all risk and liability whatsoever in connection therewith.
