

GO TO SPOT REMOVER will safely and effectively remove all types of spots, spills, and stains. It will work alone on a wide variety of difficult stains, including **protein stains like egg, blood, grass stains, and tougher stains like ink, permanent marker, lipstick, shoe polish, grease, oil, tar** and more. For especially difficult stains like **paint, fingernail polish**, or other resins, combine with Solvent Spot Remover.

DIRECTIONS

1. Test in an inconspicuous area.
2. Remove excess contaminant before applying Go To Spot Remover.
3. Apply spotter directly to the contaminated area. Agitate with a spotting spatula (bone scraper or Gum Getter™), working into a foam. Remove foam along with suspended contaminant into an absorbent towel.
4. Rinse with Empowered Water™ or blot with a clean absorbent towel.
5. If any stain remains apply Solvent Spot Remover, agitate, apply Go To Spot Remover agitate and rinse thoroughly.
6. For upholstery or delicate fibers, apply Go To Spot Remover to a towel and blot the stain. Repeat if necessary and thoroughly rinse.
