

**SOLVENT SPOT REMOVER** is a multi-purpose gelled solvent formulated for use on carpet and fabric. It is designed to remove **ballpoint pen, permanent marker and all other types of ink**. It also works effectively on **latex, enamel spray**, and other types of **paints**, as well as **shoe polish, nail polish, cosmetics and adhesives**. It has been specially formulated to be in compliance with the latest emission regulations and to work with Go To Spot Remover.

#### DIRECTIONS

1. Test in an inconspicuous area. Do not use on acetate.
2. Remove excess contaminant before applying Solvent Spot Remover.
3. Start stain removal process with Solvent Spot Remover unless it is fingernail polish, paint or a resin type stain. Follow directions for use of Go To Spot Remover.
4. Apply Solvent Spot Remover to the stained area. Blot with a towel until majority of contaminant color is removed. Apply Go To Spot Remover, agitate and rinse. Repeat if necessary.
