The Professional's Choice

perky spotter plus

RTU pH 9.5

Gallon bottle - CS514GL

Quart bottle - CS514QT

Perky® Spotter has long been the standard for professionals to safely and effectively remove all types of spots, spills, and stains. Perky® Plus lifts spots and stains from carpet and upholstery with little effort. With its unique synergistic action, Perky® Plus will effectively treat and remove almost all common household spills and stains. Perky® Plus Spotter is non-toxic, ringless, and non-flammable. It will provide professional results against most food and beverage spills, blood, iodine, grease, and fresh latex paint. It contains no acids, or harsh chemicals. It has been tested and approved as a general spotter, signifying its effectiveness against spills, and demonstrating that will not lead to rapid re-soiling of the carpet.

- “Green” ingredients are safer for the environment than most heavy duty spotters.
- Professional strength version of Perky® Spotter
- Works effectively on common food and beverage spots.
- Works effectively on many spots like cosmetics, shoe polish, inks, and most greasy soil usually reserved for solvent spotters.

DIRECTIONS:

1. Always pretest for colorfastness and fiber distortion in an inconspicuous area. Do not apply to color sensitive fibers, leather, satin, silk, suede, velvet, non-colorfast wool, or any fabric that can be damaged by water based solutions.
2. Remove as much of the spilled material as possible prior to solution application. If particle or powder spill, dry vacuum up. If liquid spill, blot with colorfast, absorbent towel. If material is sticky, then use spotting spatula or dull knife to remove as much of the material as possible.
3. Apply solution liberally to spot with flip top applicator. Agitate into spot with spotting spatula, tamp area with spotting brush, or blot spot with colorfast absorbent towel. Allow solution to dwell for 2-3 minutes.
4. At a minimum, blot area with clean, white absorbent towel. For best results, extract area and rinse with water.
5. For treatment of upholstery, apply Perky® Plus to clean, white colorfast absorbent towel and blot and agitate onto spot or stain. Blot area with the towel and repeat the process if necessary.
