POWER BREAK from Bridgepoint is the most versatile traffic lane cleaner available. Dilute it to proper strength, spray it on the carpet and watch the soil and stains begin to melt away.

- **SUPER CONCENTRATE** - 100% active - No powdered pre-spray delivers more soil and grease cutting ability.
- **ECONOMICAL** - When compared to other powders and liquids. Power Break does more - for less.
- **CHEMICALLY BALANCED** - Power Break contains the perfect balance of solvents, builders, surfactants and enzymes to take care of all possible soils and stains.
- **DISSOLVES QUICKLY** - Power Break will dissolve completely and quickly every time.
- **VERSATILE** - Restaurant grease, dirty apartments or family room kid dirt are all easily cleaned with Power Break.

DIRECTIONS:
 Power Break is designed for use in the Hydro-Force injection sprayer and other types of pump or electric

sprayers. Best results are obtained when mixed with hot water.

Pump or Electric Sprayers - Dilute 1 scoop of Power Break per gallon of hot water for light to medium soils. Use up to 2 scoops of Power Break per gallon of hot water for heavier soiling conditions.

Hydro-Force Injection Sprayer - Dilute 6 scoops of Power Break per Hydro-Force container of warm water.

Application - Spray on traffic areas of carpet until evenly damp. Allow to dwell for 5-15 minutes. Extract with normal cleaning process.

CAUTION: May cause skin and eye irritation. Avoid contact with skin and eyes. Wear eye protection and gloves when mixing. Wash thoroughly after handling

FIRST AID: In case of skin or eye contact, immediately flush with plenty of water, get medical attention if irritation persists. If injected get medical attention - do not induce vomiting.

CONTAINS: Sodium tripolyphosphate (7758-29-4), sodium carbonate (497-19-8), sodium metasilicate (6834-92-0) surfactants, Glycol ether DB (112-34-5)

INSTRUCCIONES: Power Break ha sido diseñado para su uso con el atomizador por inyección

Hydro-Force y con otros atomizadores eléctrico o de bomba. Se obtienen los mejores resultados con agua caliente.

Atomizadores eléctricos o de bomba - Para suciedad liviana o mediana, diluya un medidor de Power Break en 4 litros de agua caliente. Para suciedad más difícil de eliminar, use hasta 2 medidores de Power Break por cada 4 litros de agua caliente.

Atomizador por inyección Hydro-Force - Diluya 6 medidores de Power Break en el recipiente Hydro-Force lleno de agua tibia.

Aplicación - Rocíe el producto uniformemente en las áreas transitadas de la alfombra hasta que esté húmeda. Deje que el producto repose de 5 a 15 minutos, luego extrígalo usando el proceso normal de limpieza.

PRECAUCIÓN: Manténgase fuera del alcance de los niños. Puede causar irritación de la piel y de los ojos. Evite el contacto con la piel y con los ojos. Utilice guantes y protección para los ojos al mezclar el

producto. Lávese cuidadosamente después de haber tocado el producto.

PRIMEROS AUXILIOS: En caso de que ocurra contacto con la piel o con los ojos, lávese inmediatamente con abundante agua. Obtenga atención médica si la irritación persiste. Si se ingiere, obtenga atención médica.

POWER BREAK

May cause skin and eye irritation. Avoid contact with skin and eyes. In case of contact, immediately flush with plenty of water, seek medical advice if irritation persists.

Susceptible d'irriter la peau et les yeux. Evitez tout contact avec la peau et les yeux. Si il y a contact, lavez-vous immédiatement à la grande eau. Consultez un médecin si l'irritation se fait persistante.
