Designed to work in conjunction with Green Balance Pre-Spray, it has been approved by the Carpet and Rug Institute Seal of Approval Program for Carpet In-Tank Solutions as a stand-alone product (no need to use it as part of a specialized program). You'll be amazed how this special formulation lifts away loosened soil so much more effectively than water alone, and does it using environmentally responsible ingredients. Solvent free (no intentionally added glycol ethers, terpenes, alcohol).

DIRECTIONS:

- Always pretest for colorfastness in an inconspicuous area.
- Portable Extractor: For best results with extreme soiling conditions when used without a compatible preconditioning solution, mix one part chemical with 64 parts water (2 ounces of solution to one gallon of water.) For normal soiling when used with compatible preconditioning solution, mix 2 ounces of solution to five gallons of water in extraction tank. Extract using hot water.

TRUCK MOUNT: Mix one quart solution (32 ounces) with five gallons of water into solution container. Then set solution flow meter to between 2 and 3 gallons/hour (final dilution 1:600).

PRECAUTIONS AND FIRST AID:

Keep out of reach of children. Prolonged contact may cause skin and eye irritation. Avoid any contact with eyes and prolonged contact with skin. Use only in well ventilated areas. In case of eye contact, immediately flush with plenty of water. If irritation persists, seek medical attention. In case of skin irritation, flush with plenty of water. Not likely to be hazardous by ingestion. Remove to fresh air in case of inhalation.

CONTENTS:

Water (C.A.S.#7732-18-5); Proprietary Blend of Nonionic and Anionic Surfactants and Polymers. No fragrance added.

Dispose of excess product according to all local, state and federal regulations. Please recycle container.

ESPAÑOL:

- Siempre haga una prueba en un área discreta.
- Extractor portátil: Para los mejores resultados en condiciones muy manchadas cuando está utilizado sin una solución de precondicionado compatible, mezclar una arte del producto con 64 pares de agua (2 onzas de la solución en un galón de agua.) Para manchas normales cuando

This product meets the Green Seal™ environmental standard for industrial and institutional cleaners based on its reduced human and environmental toxicity and reduced volatile organic compound content.

si estamos utilizando una solución con Precondicionador compatible, mezcle 2 onzas de solución a cinco galones de agua en un tanque de extracción. Extracto con agua caliente.

PARA UNIDADES MONTADAS EN CAMIÓN: Mezcle una solución de cuarto (32 onzas) con cinco galones de agua en envase de la solución. A continuación, fije el medidor de flujo para la solución de 2 a 3 litros / hora de dilución (1:600 final)

PRECAUCIONES Y PRIMEROS AUXILIOS:

Mantenga fuera del alcance de los niños. El contacto prolongado puede causar la irritación de la piel y ojos. Evite cualquier contacto con los ojos y el contacto prolongado en la piel.
