- A HOT, ultra concentrated, Citrus Solv enhanced, high alkaline prespray for carpets needing an extreme cleaning.
- Starts to work on contact and dissolves grease and oils in minutes and is the ideal choice for any restorative cleaning job.
- Economical by costing only pennies per diluted gallon.
- Dissolves faster than any other powder you have ever used without vigorous shaking. It is suitable for use in the Hydro-Force sprayer and easier to dissolve at that strength.
- Uses the cleaning strength of Citrus Solv and leaves the fresh natural orange scent behind.
- Less foamy than typical high pH presprays.

DIRECTIONS:

Pump or Electric Sprayers - Dilute 1 scoop (2 ounces) of Flex Powder with Citrus Solv per gallon of hot water for most soils. Use up to 2 scoops (4 ounces) of Flex Powder with Citrus Solv per gallon of hot water for extreme cleaning.

Hydro-Force Injection Sprayer - Dilute 8 scoops (16 ounces) of Flex Powder with Citrus Solv per Hydro-Force container of warm water. Dilute at 1 to 8 setting.

Application - Spray on traffic areas of carpet until evenly damp. Allow to dwell for 5-15 minutes. Extract with normal cleaning process.

Booster - Add 1 scoop (2 ounces) to ready-to-use gallon to create General Purpose Degreaser out of any typical prespray.
