POINT BLUE is a new generation of surfactants and builders that effectively emulsify and suspend even the most difficult soils.

- ✓ **HIGH CLEANING POWER** - Point Blue will surpass all other extraction agents due to its excellent soil suspension and removal capabilities. The result will be reduced cleaning times and very satisfied customers.
- ✓ **HIGH CONCENTRATE, LOW COST** - When compared to other powders or liquids, Point Blue will save money. Because of Point Blue's concentration, more carpets will be cleaned at a lower cost. Each pound of product will make up to 125 gallons of ready to use cleaning solution.
- ✓ **EASY MIXING** - Cold water is all it takes to dissolve Point Blue.
- ✓ **LOW RESOIL** - With the advanced surfactant formulation in Point Blue, residue will not attract soil, and in fact may help the carpet stay cleaner longer.
- ✓ **SAFE** - Point Blue has special additives that help prevent corrosion and buildup in the extractor or truck mount, and at the same time, its buffered pH (9.8) is safe for use on 5th generation carpet.

DIRECTIONS:
To be used as the primary cleaning agent or as a rinse agent, in the extraction process for carpets.
For truck mount concentrate: Add 1.5 cups Point Blue to five gallons of cold or warm water. Mix thoroughly until dissolved. For systems metered on low settings or for excessively soiled carpets 3 cups may be used.
For portable equipment: Use 1 ounce Point Blue per 5 gallons hot water. Mix thoroughly until dissolved. For extra heavy soil use 2 ounces per five gallons of hot water.

CAUTION: Keep Out of Reach of Children. May cause skin and eye irritation. Avoid contact with skin and eyes. Wear eye protection and gloves when mixing. Wash thoroughly after handling.

FIRST AID: In case of skin or eye contact, immediately flush with plenty of water, get medical attention if irritation persists. See Material Safety Data Sheet (MSDS) for additional safety information.

CONTAINS: Sodium tripolyphosphate (7758-29-4), sodium carbonate (497-19-8), sodium metasilicate (6834-92-0), surfactants, sodium bicarbonate (CAS # 144-55-8), Glycol Ether DB (CAS # 112-34-5).

POINT BLUE es una nueva generación de surfactivos y de aumentadores de alcalinidad que emulsionan y suspenden con eficacia aun la suciedad más difícil de extraer.

INSTRUCCIONES:
Se debe utilizar como agente principal de limpieza o como ayuda de enjuague, en los procesos de limpieza de alfombras por extracción.
Para los equipos montados en camión: Añada 1.5 tazas de Point Blue a 5 galones de agua fría o tibia (19 ml por litro—1:52). Mézclalo completamente hasta que se disuelva. Para los sistemas con un medidor que ha sido fijado a un valor bajo, o para las alfombras extremadamente sucias, se pueden usar de 3 (37 ml por litro—proporciones de 1:27, respectivamente).

Para los equipos portátiles: Utilice de 1 onza de Point Blue por 5 galones de agua caliente (de 1.5 ml por litro—1:640). Mézclalo completamente hasta que se disuelva. Para suelos muy sucios utilice de 2 onza por 5 galones de agua caliente (de 3.0 ml por litro—1:320).

PRECAUCIÓN:
Si entra en contacto con los ojos, láveselos con bastante agua durante 15 minutos. Si la irritación persiste, consulte con un médico. Si se produce

contacto con la piel, lávese con agua limpia. Evite la ingestión. Si se ingiere el producto, consulte con un médico. Utilice lentes de seguridad con protección lateral al mezclar el concentrado.

POINT BLUE

May cause skin and eye irritation. Avoid contact with skin and eyes. In case of contact, immediately flush with plenty of water. Seek medical advice if irritation persists.

Susceptible d'irriter la peau et les yeux. Évitez tout contact avec la peau et les yeux. S'il y a contact, lavez-vous immédiatement à la grande eau. Consultez un médecin si l'irritation se fait persistante.
