- Designed as the ideal extraction detergent for those "real world" dirty and filthy carpets you commonly encounter in restaurants, rental properties, apartments and more.
- Works extremely well against extreme soiling when used "stand alone" as an in-tank cleaning solution for a portable or "walk-behind" extractor.
- Highly buffered to maintain cleaning efficiency even under the highest dilution and most challenging soiling conditions

DIRECTIONS:

General Usage Considerations

1. Always pretest for colorfastness in an inconspicuous area.
2. CleanXtraction Carpet Extraction Detergent works best when used as a compatible extraction detergent in conjunction with a Bridgepoint Traffic Lane Cleaner.
3. If used as a carpet cleaning detergent without a compatible prespray or traffic lane cleaner in a portable or walk behind extractor, mix one to two ounces of solution with one gallon of water.
4. If used with a compatible prespray or traffic lane cleaner:

Portable Extractor: Mix 2 ounces of chemical with five gallons of water (1 part chemical to 320 parts water)

Truck Mount: Mix one quart solution (32 ounces) with five gallons of water into solution container. Set solution flow meter between 2 and 3.
