es or damages are claimed. Before using, the user shall determine the suitability of this product for its intended use, and user assumes all risk and liability whatsoever in connection therewith. Go to www.groomindustries.com/msds for additional safety, regulatory and liability information.

LIQUID BROWNING/COFFEE FREE

Liquid Browning/Coffee Free Browning Treatment and Coffee Stain Remover is specially formulated to effectively deal with two of the most problematic and common carpet issues – browning and coffee stains. This solution works extremely effectively on removing or preventing cellulosic and other types of browning that may occur on carpet or upholstery due to over-wetting, inappropriate use of high pH alkaline chemicals, improper drying, and cellulosic soiling. Liquid Browning/Coffee Free removes or reduces browning due to over wetting and bleed through of jute backing in carpets-

Coffee and tea are two of the most common spots or stains on carpet and upholstery. Liquid Browning/Coffee Free was especially formulated to make the removal job easier for the professional. It will attack both coffee and other tannin stains quickly and effectively. Tannin is naturally found in tea, and sometimes added to inks and dyes. This solution is effective on new or old stains.

DIRECTIONS

Always pretest fabric or carpet for colorfastness in an inconspicuous area.

For browning treatment and removal:

- Use solution straight. Do not dilute.
- Apply Liquid Browning/Coffee Free using a sprayer. DO NOT MIST. Apply uniformly to affected area.
- Brush in with pile brush, Grandi-Groom® or Grandi-Brush®. (if using on carpet).
- Allow solution to dwell until browning is reduced or disappears.
- Extract with portable or truck-mounted system with

fresh water.

- There is a slight odor associated with the application of this product. This odor dissipates rapidly. For Coffee, tea, and tannin stain removal:
- On smaller spots, apply solution straight (Do not dilute) to a clean white cloth. Then thoroughly wet stain with the saturated cloth.
- On large areas, product may be applied with a sprayer.
- Allow to work until stain is lightened or removed. Then blot with a clean, dry, white cloth to remove excess moisture if desired.
- Follow by extraction cleaning, using an alkaline detergent extraction solution.

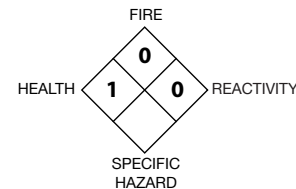

PRECAUTIONS & FIRST AID: May cause skin/eye irritation or respiratory or abdominal discomfort. Avoid contact with skin and eyes. In case of contact, immediately flush with plenty of water, seek medical advice if irritation persists. Use only with adequate ventilation. May cause respiratory irritation. Remove patient to fresh air. If symptoms persist or are severe, seek medical assistance. If ingested, do not induce vomiting. Drink one to two glasses of water and seek medical attention. Do not get on clothing. If you do, remove the contaminated clothing and launder thoroughly. Wash exposed skin area with water thoroughly.

CONTENTS: Water (CAS # 7732-18-5), Sodium Metabisulfite (CAS #7681-57-4), Proprietary Stabilizer
