6.5 Pounds (2.95 Kg)

Seller's and manufacturer's liability for any and all losses or damages resulting from any cause whatsoever shall in no event exceed the purchase price of this product, with respect to which losses or damages are claimed. The manufacturer and seller make no representation or warranty, including merchantability or any other kind, expressed or implied. The foregoing may not be altered except by written agreement by officers of the manufacturer.

Before using, the user shall determine the suitability of this product for its intended use, and user assumes all risk and liability whatsoever in conjunction therewith. The user should thoroughly review the material safety data sheet for this product and follow recommendations for mixing, application, disposal, and the use of any applicable personal protective equipment (PPE). The manufacturer, distributor, and seller of this product warrant that the chemical contained herein conforms to its standard specifications.

This formula incorporates our famous solvent cleaning booster, **Grease Breaker**, into a blend of alkaline cleaning agents and builders that quickly dissolves and emulsifies the heaviest of soil. **Blitz with Grease Breaker** is a non-enzyme mixture so it does not require long dwell times to break down the grimmest soil. This economical powder prespray will melt the grimy soil away right before your eyes. Being a super concentrate powder, **Blitz with Grease Breaker** will save you money. It dissolves quickly and easily. The versatility of **Blitz with Grease Breaker** will allow you to effectively clean trashed and neglected carpets, as well as high soil environments like restaurants and dirty apartments. Since **Blitz with Grease Breaker** already contains **Grease Breaker**, no other cleaning additive or booster is needed, even for the most heavily soiled carpets. The fast-acting high pH formula quickly dissolves the heaviest greasy soils. Unlike enzyme pre-sprays that require extended dwell time, **Blitz with Grease Breaker** goes to work immediately breaking down and dissolving heavy built up oil based soiling. **Blitz with Grease Breaker** has a pleasant citrus fragrance that leaves a fresh clean smell to the room without being overpowering. It's high powered alkaline RTU pH of 12.0-12.5 means it works well on neglected carpets. It is not designed to be used on well maintained, stain resist warranted carpets. At a use rate of only 2 ounces per gallon of hot water, **Blitz with Grease Breaker** is economical to use and super-concentrated. **Blitz with Grease Breaker** contains a perfect balance of surfactants, builders, and solvents for the compete cleaning job. It dissolves quickly and will not clog up sprayers.

Contents: Sodium tripolyphosphate (7758-29-4), sodium carbonate (497-19-8), sodium sulfate (7757-82-6), glycol ether DPM (34590-94-8), Sodium metasilicate (6834-92-0), Tetrasodium EDTA (13235-36-4), d-limonene (5989-27-5); glycol ether PNB (5131-66-8), Proprietary biodegradable surfactants.

### Directions:

- Always pre-test all cleaning solutions in an inconspicuous area for colorfastness prior to application.
- For increased efficiency, apply **Blitz with GreaseBreaker** with an injection sprayer to take advantage of solution pressure and heat created by your high performance portable extractor or truckmount. You can also use a "pump-up" pressure sprayer, or electric or battery powered sprayer. Apply in even overlapping patterns
- Mix 2 oz. per gallon of hot water for pump-up sprayer. For an in-line injection sprayer, mix 10 oz. of chemical per 5 quarts of hot water. Shake well for compete mixing.
- Spray evenly across the carpet. Allow 3-5 minutes for dwell time. Do not allow to dry
- Extract with a compatible alkaline extraction detergent or acid/neutralizing rinse. For faster cleaning, reduced fatigue, and more effective soil removal, extract with the **RX-20 Rotary Extraction Tool**. In furniture dense environments use the **Evolution** cleaning wand.
- For faster drying, especially in humid environments, consider the use of an axial, centrifugal, or downdraft air mover after cleaning.

- Always pre-test all cleaning solutions in an inconspicuous area for colorfastness prior to application.

You can also use a "pump-up" pressure sprayer, or electric or battery powered sprayer. Apply in even overlapping patterns
- Mix 2 oz. por galón de agua caliente para pulverizador de bomba. Para un pulverizador de inyección en línea, mezclar 10 oz de química por cada 5 litros de agua caliente. Agitar bien para competir mezcla.
- Mezcle 2 oz por galón de agua caliente para pulverizador de bomba. Para un pulverizador de inyección en línea, mezclar 10 oz de química por cada 5 litros de agua caliente. Agitar bien para competir mezcla.
- Rocíe uniformemente sobre la alfombra. Permita 3-5 minutos para el tiempo de permanencia. No permita que se seque
- Extraer con un detergente compatible extracción alcalina o ácido / neutralización de enjuague. Para una limpieza más rápida, reduce la fatiga y la eliminación de la suciedad más eficaz, se extrae con el RX-20 Herramienta de extracción de Rotary. En muebles ambientes densos utilizar la varita de limpieza Evolution.
- Para un secado más rápido, especialmente en ambientes húmedos, considerar el uso de un motor axial, el aire centrífugo o de corriente descendente después de la limpieza.

### Instrucciones:

- Siempre antes de probar todas las soluciones de limpieza en un área oculta la estabilidad del color antes de la aplicación.
- Para una mayor eficiencia, se aplican Blitz con GreaseBreaker con un pulverizador de inyección para tomar ventaja de presión de la solución y el calor creado por su alto rendimiento portátil extractor o Truckmount. También puede usar una "bomba-up" pulverizador o rociador accionado eléctrica o batería. Aplicar incluso superposición de patrones

### Precautions and First Aid:

Keep out of reach of children. Contact may cause skin and eye irritation. Wear gloves and safety glasses when handling to avoid any contact with eyes and contact with skin in concentrate form. Use only in well ventilated areas. In case of eye contact, immediately flush with plenty of water. If irritation persists, seek medical attention. In case of skin irritation, flush with plenty of water. If ingested, drink large quantities of water and seek medical attention. Remove to fresh air in case of inhalation. Before using, read materials safety data sheet for this product.

**Precauciones y Primeros Auxilios:**  
Mantener fuera del alcance de los niños.

El contacto puede causar irritación cutánea y ocular. Use guantes y gafas de seguridad cuando manipule para evitar cualquier contacto con los ojos y el contacto con la piel en forma de concentrado. Usar sólo en áreas bien ventiladas. En caso de contacto con los ojos, lávelos inmediatamente con abundante agua. Si la irritación persiste, busque atención médica. En caso de irritación de la piel, lavar con abundante agua. Si se ingiere, beba grandes cantidades de agua y buscar atención médica. Trasladar al aire fresco en caso de inhalación. Antes de usar, lea hoja de datos de seguridad de materiales para este producto.
