Hydrocide

Destroys odors in carpet, upholstery, mattresses and hard surfaces. Hydrocide™ acts immediately and permanently against cat and other animal urine, vomit, decayed organic matter, sour smells, feces, skunk, musty mildew odors, and much more.

*For professional use only.
Keep out of reach of children!
Before using, read all cautions and directions!*

Contents: One U.S. Quart (.94 Litres)

BRIDGEPOINT
SYSTEMS

- Best results when source of odor as been removed by thorough cleaning
- Safe and effective for use on wool
- Works instantaneously to eliminate odors when enough Hydrocide is used to contact all odor molecules
- Bonding and encapsulating deodorizer for rapid and effective treatment of severe odors
- Perfect treatment for urine, vomit, decayed organic matter, skunk, smoke and more
- No bacteria, enzymes, oxidizers

INSTRUCTIONS

Test for colorfastness. Always apply enough to assure direct contact with odor source. In some cases this means saturation. Virtually no dwell time needed. Add 4 to 8 ounces per gallon of water depending on the severity of the odor to spray on carpet, upholstery or hard surfaces.

Water Claw Usage: Saturate the area with diluted Hydrocide™ and flush area using the Water Claw and adding more water in the process. Follow up with a misting of the area with Hydrocide™ and/or Bridgepoint Bio-Modifier Xtreme. One additional benefit is that Hydrocide™ has a polymer in the formulation which retards resoiling. Prespray Additive: Add up to eight ounces per gallon of ready to use prespray to deal with odors prior to cleaning. Be aware that the addition of Hydrocide™ may neutralize some fragrances.

CONTAINS

Water (Cas #7732-18-5), Proprietary blend odor absorbent/polymers.

INSTRUCCIONES

Haga una prueba en un área poco visible para asegurarse de que el material no se destiñe. Aplique una cantidad suficiente del producto para que llegue a la fuente del olor. En algunos casos será necesario cubrir completamente el material. No se requiere casi nada de tiempo de reposo. Agregue de 4 a 8 onzas por galón de agua, dependiendo de la severidad del olor, luego rocíelo en la alfombra, tapicería o superficie dura.

Uso del "Water Claw": Cubra completamente el área con diluido Hydrocide™ y luego enjuague completamente uso el Water Claw, agregando más agua en el proceso para eliminar la fuente del olor. Termine aplicando Hydrocide™ y/o Bio-Modifier Xtreme con un nebulizador. Otro beneficio es que Hydrocide™ contiene un polímero en su fórmula que ayuda a evitar que el área se vuelva a ensuciar. Aditivo al rociado preliminar Agregue hasta 8 onzas por galón de solución de rociado preliminar para combatir los olores antes de hacer la limpieza. Tenga en cuenta que el Hydrocide™ puede neutralizar algunas fragancias.
