MALODOR MODIFIER PET URINE BIO ENZYME CLEANER/DEODORIZER

Extremely effective in correcting various odor problems as well removing related organic staining.

- Enzyme producing deodorant with catalysts and encapsulants for maximum odor control treatment
- Enhanced to speed up enzyme treatment process
- Contains encapsulating and bonding additive that creates permanent barrier against odor production
- Ideal pet urine deodorization treatment

DIRECTIONS

Always pre-test carpet or fabric to be treated for colorfastness first.

- Shake well before using.
- Remove excess waste material.
- Mix 1 part solution with 2 parts water. In some severe situations it can be used full strength on areas that are wet.
- Saturate spray or pour on problem area. Malodor Modifier begins working immediately, however varying dwell time is required depending on severity of the situation. You may want to consider injecting mixed solution into carpet with syringe or Injectimate™ system
- Extract area thoroughly.
- Consider post application light spraying of treated area. Malodor Modifier will not contribute to rapid re-soling. Aromafresh Deodorizer can be added up to 1 part to 8 parts of Malodor Modifier to boost odor removal.
- Repeat procedure if necessary for persistent problems.
- Note: Do not use with water above 120° F, bleach, disinfectants, antimicrobials, or harsh chemicals. They will make the product less effective.

CONTENTS

Viable Bacterial Cultures (CAS N/A), proprietary deodorizer/polymer/surfactant blend.

INSTRUCCIONES

Haga una prueba preliminar de la compatibilidad del producto, en un area poco visible.

- Agítelo antes de usarlo.
- Quite el exceso de material inserbible
- Mescle una parte de la solución con 2 partes de agua. En muchas ocasiones, este producto puede ser usado sin mezclar en áreas que están mojadas.
- Rocíe bastante en un área no muy contaminada. Malodor Modifier empieza a trabajar inmediatamente, comosea varia el tiempo que es requerido dejarse dependiendo la severidad de la situación. Tu talvez quieras considerer inyectar la solución mezclada en la alfombra con una jeringa o sistema inyector.
- Extraiga los residuos del área lo mas que se pueda
- Considere aplicar un poco mas de este líquido en el área que fue limpiada. Malodor Modifier no va a contribuir a que se ensucie la alfombra de Nuevo. Aromafresh Deodorizer puede ser anadido 1 parte a 8 partes de Malodor Modifier a un removedor de olor.
- Repita este procedimiento si es necesario.
- Nota: No lo use con agua caliente arriba de 120 f, blanqueador, desinfectante, antimicrobacterial, o quimicos fuertes. Estas cosas harian este producto menos eficiente.
