For professional results against: food, blood, iodine, grease, latex paint and many others. Avenge is a neutral spotter that is non-flammable and leaves no discoloration or sticky residue.

Contents: One U.S. Gallon (3.79 Litres)

BRIDGEPOINT
SYSTEMS

- X Spotting
- X Residential Carpet
- X Commercial Carpet
- X Upholstery
- ✓ Restoration
- 7 RTU pH

X = Primary Use ✓ = Secondary Use

- Safely and effectively remove all types of spots, spills, and stains with little effort
- Provides professional results against most food and beverage spills, blood, iodine, grease, and fresh latex paint.

DIRECTIONS

1. Always pretest for colorfastness and fiber distortion in an inconspicuous area. Do not apply to color sensitive fibers, leather, satin, silk, suede, velvet, non-colorfast wool, or any fabric that can be damaged by water based solutions.
2. Remove as much of the spilled material as possible prior to solution application. If particle or powder spill, dry vacuum up. If liquid spill, blot with colorfast, absorbent towel. If sticky material, use spotting spatula or dull knife to remove as much of the material as possible.
3. Apply solution liberally to spot with flip top applicator. Agitate into spot with spotting spatula, tamp area with spotting brush, or blot spot with colorfast absorbent towel. Allow solution to dwell for 2-3 minutes.

4. At a minimum, blot area with clean, white absorbent towel. For best results, extract area and rinse with water.

5. For treatment of upholstery, apply Avenge to clean, white colorfast absorbent towel and blot and agitate onto spot or stain. Blot area with the towel and repeat the process if necessary.

CONTENTS

Water (CAS # 7732-18-5), Proprietary Non-Hazardous Surfactant and Polymer Blend, Proprietary Non-Hazardous Builder Blend

DIRECCIONES:

1. Pruebe el producto en un área discreta. No lo aplique en Tapices con colores sensitivos, de cuero, satín, seda, terciopelo, lanas, o cualquier otra tela que pueda ser dañada por soluciones basadas en agua.
2. Remover el material derramado tanto como sea posible antes de aplicar la solución de limpieza. Si hay derramamiento de partículas secas o polvo, aspire el área lo mejor posible. Si hay líquido derramado, manchas blancas /negras, absorbalo con una toalla. Si es material pegajoso, utilice una espátula para remover dicho material tanto como sea posible.
3. Aplique la solución liberalmente con el aplicador de la tapa. Agítelo con una espátula, trabaje el área con un cepillo, o toalla absorbente. Permita que la solución more de 2-3 minutos.
4. Para los mejores resultados, extraiga el área y enjuéguela con agua caliente.
5. Para tratamiento de tapicería, aplique Avenge, con una toalla absorbente blanca, agítela, y extráigala. Repita el proceso si es necesario.
