## STAINZONE

A product designed to alter the structure of stains by removing, oxidizing, or making them invisible. Ideal for use with mustard, furniture stains, wood stains, shoe polish, urine contamination, coffee, vomit, pigments, and other staining materials.

**For professional use only. Keep out of reach of children! Before using, read all cautions and directions!**

- Works faster than any other oxidizing stain remover
- Removes almost all stains caused by natural colors in spilled materials
- One Part Ready to Use Oxidizing Stain Remover - No Mixing Necessary
- Special additives for oil based color stains

**Contents: One U.S. Quart (.94 Litres)**

**BRIDGEPOINT  
SYSTEMS**

## DIRECTIONS

1. Always pretest for colorfastness in an inconspicuous area.
2. Clean discolored area thoroughly. Remove as much of the staining material as possible with conventional spotting techniques before applying StainZONE.
3. Apply straight across the affected area of the stain. Allow to dwell five to ten minutes. Agitate with spotting spatula or tamping brush, and blot with clean, colorfast white absorbent towel. Rinse and extract area thoroughly to remove as much of the stain and moisture as possible. If any residual stain remains, apply StainZONE again. Allow to dry. Do not judge final results until solution has dried. **KEEP CHILDREN AND PETS AWAY FROM TREATED AREA UNTIL IT IS COMPLETELY DRY.** For mustard stains, consider prolonged exposure (20 minutes - 4 hours) to an ultraviolet light.
4. Store in cool, dark area. High heat and sunlight exposure can dramatically impact shelf life and effectiveness of product. Store only what you need in the work vehicle and keep as far away from truck mount as possible. Do not put in pressurized sprayer.

Notice: This product contains oxidizers and may pull the original color of the carpeting, especially when used in conjunction with heat and other accelerating actions. Test in inconspicuous area before using.

NOTA: Este producto contiene oxidantes y puede afectar el color original del alfombrado en especial cuando esta en conjunto con altas temperaturas y otras reacciones aceleradas.
