Dye-Stain Remover

RTU pH: 7.0 - 7.5

Contents: 32 oz. (0.94 Litres)

IMPORTANT NOTICE TO PURCHASER: The manufacturer and seller warrant that the chemical contained here-in conforms to its standard specifications. Seller's and manufacturer's liability for any and all losses or damages resulting from any cause whatsoever shall in no event exceed the purchase price of this product, with respect to which losses or damages are claimed. Before using, user shall determine the suitability of this product for the intended use, and user assumes all risk and liability whatsoever in connection therewith. The manufacturer and seller make no representation or warranty, including merchantability or any other kind, expressed or implied. The foregoing may not be altered except by written agreement by officers of the manufacturer.

DYE-STAIN REMOVER is a one part reducer designed to remove any spot or stain caused by acid dyes or similar. Product is safe and effective on virtually any stain caused by a common household food or beverage spill. This product is for use with synthetic carpet or fabrics only. Not recommended for natural fabrics.

DIRECTIONS

1. Always pretest for colorfastness in an inconspicuous area.
2. Clean stained area prior to application. Take extra vacuum pass to remove as much moisture as possible.
3. Apply Solution liberally to the stained area. Allow 20-30 seconds of dwell time and evaluate results.
4. Many stains are removed simply by extracting the area thoroughly with Empowered Water™. If residual discoloration remains, do not extract solutions. Proceed to accelerate activity with heat.
5. Apply heat as accelerator. If using a low pressure, high volume steam generator such as a wallpaper remover, simply allow steam wand to sit on treated area. Check area periodically every 20-30 seconds. If using a steam iron, cover stained area with a wet, white, cotton towel. Apply steam heat from an iron set at the lowest steam temperature. Lift and move the iron every 20-30 seconds and check area.
6. When the stain has completely disappeared or has light yellow discoloration, completely extract the area with Empowered Water™.

Color loss and/or fiber damage can be caused by excessive heat or by not rinsing spot immediately after acceleration by heat. For problematic carpet fibers, dilute Dye-Stain Remover with equal parts water.

CONTENTS

Water (C.A.S. #7732-18-5), Triethanolamine (C.A.S. # 102-71-6), Sodium Bisulfite (C.A.S. #7631-90-5). Proprietary Surfactant blend.

WARNING

Keep out of reach of children.

HAZARD STATEMENTS:
